Your energy charges for 22nd Jul - 21st Aug 2025

Summary of charges

Cost of electricity	£64.93
Cost of gas	£20.59
VAT 5% of £85.52	£4.28
Balance Transfer	-£4.89
Total charges	£84.91

Your balance

Starting balance
£38.68 in credit
22nd July

Direct Debit 1st August +£100.00 in

Total charges **£84.91 out**

Closing balance
£53.77 in credit
21st August

How is my balance calculated?

We start with last month's closing balance, then add your payments and deduct your energy costs (and any upgrades). To see your most up-to-date balance, log into your account my.ovoenergy.com/login. Or, if you're Pay As You Go, check your In-Home Display or meter.

Gas in detail 22nd Jul - 21st Aug 2025

Detailed charges

Energy use	190.970 kWh at 6.12p	£11.68
Standing charge	31 days at 28.74p a day	£8.91
Cost of gas		£20.59

Meter readings

Opening read on 22nd July	Estimated 3709.700
Closing read as of 21st August	Estimated 3715.760
Metered volume	6.060
Total units	190.970 kWh

Your gas tariff

Plan name	Simpler Energy 01 July 2025
Payment method	Direct Debit
Unit rate	6.12p per kWh
Standing charge	28.74p a day
Contract start date	1st July 2025
Contract end date	30th September 2025

As you're on a variable rate plan, your prices may go up or down in the future

We convert your metered gas units to kWh using the following formula:

Metered volume × metric conversion factor¹ × daily calorific value² × 1.02264 (volume correction) ÷ 3.6 = kilowatt hours (kWh) used.

¹ We convert the gas use into kWh according to your meter type – 2.83 (imperial) or 1 (metric).

² The calorific value of gas changes every day and can range from 37.5 to 43.0. To find out calorific values used to calculate your charges you can visit: data.nationalgas.com/find-gas-data

Scan this QR code to compare prices from other energy companies based on your previous energy usage.

Useful information

Gas emergencies

If you smell gas or think you have a gas leak:

- Open all doors and windows to let the gas out.
- Don't turn light switches on or off.
- Don't use doorbells, mobile phones or naked flames.
- Check that all your gas appliances are switched off.

If you're worried that carbon monoxide fumes are escaping from your gas appliance, or if you have issues with your meter call the 24-hour national Gas Emergency Hotline on **0800 111 999**.

Contacting your local electricity network

If your power goes down, or you have to move your meter or upgrade your energy supply, you'll need to contact your local network operator by calling **105** free of charge.

Our electricity sources

Each year, energy suppliers are required to report their fuel mix. This reporting takes into account the allocation of different types of power based on the purchase of different certificates, including some called 'REGOs'. These certificates don't change how much renewable power there is - they just apportion what's already there to specific people. They don't increase the amount of renewables on the grid - they just help those suppliers to look better on paper.

At OVO, we stopped backing the electricity we sell with these certificates as standard in 2023. We believe there's a better way, bringing more renewables on to the grid and being up front about it too. The energy going into our customers' homes is exactly the same as whether they were with OVO or another supplier. Without purchasing these certificates as standard, OVO's allocated fuel mix for the period April 2023 - March 2024 was as follows: Natural Gas - 61%, Coal 13%, Renewables 11%, Nuclear 9%, Other 6%.

Get help with an energy problem

If you live in England or Wales, go to citizensadvice.org.uk/energy or contact the Citizens Advice consumer service on 0808 223 1133. For Relay UK, call 18001 then 0808 223 1133. To contact a Welsh-speaking adviser call 0808 223 1144. Calls are free. If you live in Scotland, go to energyadvice.scot or contact Advice Direct Scotland on 0808 196 8660. Calls are free. For British Sign Language enquiries, go to contactscotland-bsl.org. Citizens Advice and Advice Direct Scotland are the official sources of free and independent energy advice and support. If you would like a copy of the Citizens Advice Consumer Guidance leaflet please visit ovoenergy.com/help/independent-energy-advice or contact us to request a copy.

Complaints

Good customer service really matters to us and we want to put things right for you the first time you get in touch. Contact us by email, phone, letter, online form or even drop in to see us.

Here's our complaints process:

- We aim to sort things out for you in 5 working days.
- If it's more complex, we'll aim to sort it out within 8 weeks.
- If we haven't been able to sort things out after 8 weeks, we'll let you know by letter - but will keep trying. After that our final response is a deadlock letter which we only send when we've done everything we can.
- After 8 weeks, or if you're not happy with our response, you can go to the Energy Ombudsman.

The Energy Ombudsman is an independent organisation that investigates complaints for free.

Visit www.ombudsman-services.org or call on **0330 440 1624**. Its decisions are legally binding for us, but not for you.

For more info and our online form visit: www.ovoenergy.com/help/feedback.
